Sub:-Buildings - Govt.Wellesley Tuberculosis Sanatorium, Bellary - Provision of residential quarters to nursing and menial staff - proposal for -

---

At present the nursing staff employed in the above institution are accommodated in a private rented building about half a mile from the Sanatorium. They have to cover this distance of about half a mile up and down twice a day, what ever the weather conditions be, be it rainy or sunny. Apart from the accepted principle that the Nursing staff should be provided with decent quarters very near to the hospital, I have to point out that under no circumstances should the Nursing staff employed in a tuberculosis institution, wherein they are in constant contact with patients suffering from the dreadful disease,be subjected to untimely meals, long walks in all sorts of weather conditions, which all adversely effect their general health and power of

resistance to infection. The above argument holds good in the case of menials as toties and sweepers, whose exposure to infection is greater, and who have to pay high rents for insanitary dwellings away from the hospital. I am therefore strongly of opinion that the provision of quarters to the above two classes of servants is absolutely essential and unavoidably urgent in the interest of the institution and the staff concerned.

The Public Works Department has estimated that the construction of quarters for 1 matron, 3 ward sisters and 8 nurses would roughly cost about Rs.68,000/- and that quarters for 16 toties and ~~xxxxxx~~ one sweeper Rs.33,000/- It is therefore requested that the Govt.may be pleased to sanction the above two items of work, which are absolutely essential for the proper working of the institution.

Yours faithfully,

Buildings – Govt. Wellesley Tuberculosis Sanatorium, Bellary – Provision of residential quarters to Staff.

Please see the S.G.'s letter on pages 1-2 cf. submitting proposals for the construction of quarters for the following nursing and menial staff employed in the Govt. Wellesley T.B. Sanatorium Bellary:–

1 Matron
3 Ward sisters
8 Nurses
16 Ties
1 Sweeper.

At present the nursing staff are accommodated in a private rented building about half a mile from the Sanatorium. The menials are living in insanitary dwellings away from the Sanatorium, paying high rents for the reasons stated in para 1 of his letter, the S.G. is strongly of the opinion that the provision of quarters to the above staff is absolutely essential and unavoidably urgent in the interests of the institution and the staff. The cost of construction of the proposed quarters is estimated roughly at Rs. 101,000/- (Rs. 68,000 for nurses' quarters and Rs. 33,000 for meni

2. In view of the present financial position of the Govt. and in view of the Govr. of India's instructions to defer building schemes which are not very urgent as an anti-inflationary measure, it does not seem that the Govr. would agree to this proposal. Whether the Govt. may be asked to bring this forward as a Part II scheme for 1950-51. Finance may see for remarks. / For orders. 12/11/48

Are we not giving conveyance allowance to the Nurses living at a distance

12/11/48

Please see D.S.'s query above. Hired conveyance allowance has been granted recently as a special case to the nursing staff in the Govt. Hospital, Kumbakonam. No conveyance allowance appears to have been sanctioned in the case of nursing staff in the Bellary T.B. sanatorium. The P.A. to the S.G. may perhaps be asked if any conveyance allowance is paid to them. The draft T.M. is for approval.

T.G.M/2-11-48.

[Issued as T.M. dt 22.XI.48]
from the SG, TM. no. 27.11.48.

The S.G. states that no conveyance allowance is being granted to the nursing staff in the Bellary Sanatorium who are living at a distance from the Sanatorium.

Provision of living accommodation near hospitals ~~or sanatoria~~ is a condition of service of nursing staff. It is therefore necessary that the Nursing staff etc. employed in the Government Wellesley T.B.Sanatorium, Bellary, should be provided with living accommodation near the Sanatorium. But in view of the present policy of Govt. to defer, wherever possible, building schemes as an anti-inflationary measure, the S.G. may be asked to bring forward the proposal for consideration as a Part II Scheme for 1950-51. Pending this, the nursing staff may be provided with a hired conveyance as has been done in the case of nursing staff employed in the Govt.Hospital, Kumbakonam. The S.G. may be asked to submit an estimate of the cost involved in the provision of a hired conveyance to the nursing staff in the Bellary Sanatorium. ~~For orders~~

11-12 cf From the S.G. to. 57097.M1 dt 22.2.49.

Please see the notes from page 1 ante and the S.G.'s letter on pages 11-12 cf.

11-12 cf The S.G. reports that the lowest rate for a hired conveyance for Nurses Quarters in the Government Wellesley TB. Sanatorium, Bellary, is Rs.120/- p.m., provided order is placed in one month. As the Sanatorium is situated in an out-of the way place, the S.G. states that it is found difficult to secure a conveyance at a lower rate.

The Surgeon General has also ~~forwarded~~ stated, in this

Connection: that if a Victoria cart is purchased, the cost to Govt. will be Rs. 1,190/- non-recurring and Rs. 97-8-0 p.m. recurring.

It seems the Govt. may sanction an expenditure not exceeding Rs. 120/- p.m. for providing a hired conveyance for the Nursing Staff etc. of the TB Sanatorium at Bellary. A draft order is put up following the precedent at ①. Finance may see for approval. for acceptance.
